

EDUCATION

Oregon State University, Corvallis, OR | Bachelor of Science in Electrical and Computer Engineering | Expected: Early 2028
Minor in Management and Computer Science | Relevant Coursework: ECE 310 – Semiconductor Processing

PROFICIENCIES

Software: MATLAB, AutoCAD, LaTeX, C/C++, Microsoft Office, macOS, Computer Proficiency (MS Office Suite), Canva, Machine Learning
Languages: English (Advanced), Oromo (Native), Amharic (Native), Spanish (Intermediate)

EXPERIENCE

IT Project Management Intern — Multnomah County, Dept. of County Assets, Portland, OR (2026 – Present)

- Coordinated project schedules, tracked deliverables, and maintained documentation for county IT initiatives.
- Facilitated communication between technical staff and stakeholders to gather system requirements.

Wafer Fab Operator — Intel (via Manpower), Beaverton, OR (Summers 2025 – Present)

- Operated semiconductor equipment and managed wafer handling under strict safety procedures.
- Oversaw the full production cycle (dicing, final packaging, shipping) and quality control inspections.

Diversity Learning Assistant — OSU, UHDS, Corvallis, OR (2024 – Present, during school year)

- Execute social justice education programming for a diverse residential community of 400+ residents.

Community Relations Representative — Lonnie B. Harris Black Cultural Center, Corvallis, OR (2024 – Present)

- Connect students to campus resources; coordinate events and outreach for community programs.

Beaver Connect Peer Mentor — Oregon State University, Corvallis, OR (2024 – 2025)

- Helped incoming freshman students with their college adjustment and connected with engineering faculty.

Caregiver — Kirubeti Teen Home Care / Yilma Gamachu, Tame and Yilma LLC (2025 – Present, school breaks)

- Assisted clients with anger management, emotional control, and daily living needs.

Plumbing Sales Associate — The Home Depot, Inc., Beaverton, OR (2022 – 2024, summers)

- Leveraged product knowledge and communication to engage customers and drive sales.

COMMUNITY SERVICE & LEADERSHIP

- Yearly Volunteer, Oregon Hood to Coast
- OSU National Society of Black Engineers
- East African Student Association: Officer
- Kappa Alpha Psi Fraternity Inc.: VP
- Biweekly Volunteer, Linn Benton Food Share

CERTIFICATIONS

- ISSA Certified Personal Trainer (CPT)
- ISSA Strength & Conditioning Specialist
- ISSA Nutrition Coach
- ISSA Business of Personal Training
- CPR/AED Certification
- Oregon Intervention System (OIS) Training

PROJECTS

- **Semiconductor & Device Fab:** Fabricated NMOS transistors and MOS capacitors from raw Si wafers in a cleanroom; managed thin-film deposition and four-layer photolithographic masking.
- **AI Portfolio Website:** Full-stack site (Flask + Gemini API) with an interactive AI assistant trained on my resume and CV.
- **Hunt the Wumpus:** A grid-based adventure game using polymorphism and inheritance to manage interactive hazards.
- **Connect Four:** A terminal-based game for human-vs-computer play with alternating-turn and win-condition logic.
